April 14, 2021

Dear OIA Fans and Supporters,

We would like to thank everyone for their cooperation and support during this unprecedented times. The OIA is resuming league play beginning with track and field this weekend. Boys volleyball, tennis, baseball and softball will follow starting next week.

We would like to emphasize the goals and objectives for this Spring season is to allow our student athletes with opportunities to participate. The pandemic forced the Spring season to cease last year before it began. We are focusing on trying our best to allow the spring season to occur with health and safety being the primary concern for participation. There will be no OIA championships in any of our Spring sports this year.

With these goals and objectives and focusing on the student athletes, we are requiring a "no spectator" rule to be strictly enforced. There will be no exceptions to this rule at all of our OIA events. As a last resort to anyone not abiding to this rule, we will cancel a game/event if we have to as a last resort. The student athletes' health and safety is of the utmost importance.

Thank you again for your understanding and cooperation in advance.

Please feel free to contact Raymond.Fujino@k12.hi.us, or 808 597-6310 if you have further questions.

Sincerely,

Darin Pilialoha
OIA President

Raymond Fujino
OIA Executive Director
