"Strong Connections = Strong Community"

We Support Castle

The FFC is the parent/community organization of Castle High School (like the PTA). Its mission is to support the students by providing financial and volunteer assistance to the school and its programs. It also strives to promote involvement and to bridge the communication amongst parents, staff, administration and the community. Membership fee is any donation amount. (See page 2 for more info.) All funds are used to support CHS students. Mahalo!

Name:
